

Village of Corfu Camden Group & Budget Meeting Minutes January 19, 2022 – Meeting was held remotely

The Village of Corfu Mayor held its Camden Group and Budget Meeting remotely on January 19, 2022, at 6:30 p.m. In attendance: Mayor Sargent, Deputy Mayor Doktor, Trustee Johnson, Trustee Lauer, Trustee Reisdorf. Also in attendance, Village Clerk, Jennifer Eck. Camden Group representatives, Ken Scherrieble, Al Graham and Glenn Eck, Town of Pembroke Supervisor, Tom Schneider, and Village Electrician, Norman Waff.

Deputy Mayor Doktor conducted this meeting.

Sewer Plant

Discussion with Camden Group regarding the possibility of Town of Darien hooking into the Sewer Plant. As of right now, Town of Darien is working on costs and would like to get a basic rate for the residents before moving forward with any plans to proceed.

Town of Darien wants to only be a customer; no need for a shared service contract.

Camden Group has been in contact with Town of Darien operators to discuss how much capacity would be needed.

After much discussion, the Village would need to reopen the Corfu plant; the need to gather costs to make repairs needed to the plant is imperative. Camden Group will continue to gather more information regarding repairs to the plant and the need from Town of Darien.

Town of Pembroke Supervisor, Mr. Schneider discussed he has been working with Tom Carpenter regarding the Flying J hook up, estimates project will take about a year. No mention of Yancey's expanding, however, there are other projects in process that will need hook ups. More information to come later.

Budget

Budget template has been sent out to all Board members for review (electronically and paper).

Mr. Waff reviewed his items to be considered to add to the budget.

Mayor Sargent reminded the Board the Police Contract is to expire 5/31/22, the Department has not proceeded with negotiations to date. Village Clerk, Jennifer Eck will email the current contract to all Board members.

Next Village meeting, January 26th will be held in person.
